3 St. Joseph's Health reserves the right to supplement this disclosure if additional information
4 becomes available.

5 Method of measurement: water meters

6
7 (3) The type of water right or rights claimed by the party for the extraction of groundwater.

8 St. Joseph's Health asserts overlying water rights and possibly riparian rights for the extraction
9 of groundwater from a water well located on or near its property from Ojai Groundwater Basin. St.
10 Joseph's Health also asserts a right to use groundwater under the self-help doctrine, if prescriptive rights
11 to extract groundwater from the basin are determined.

12
13 (4) A general description of the purpose to which the groundwater has been put.

14 St. Joseph's Health extracts and uses groundwater from the Ojai Groundwater Basin for
15 landscaping.

16
17 (5) The location of each well or other source through which groundwater has been extracted.

18 St. Joseph's Health extracts water from one well – State Well No. 04N22W05N01S is located on
19 APN 028-0-120-130.

20
21 (6) The area in which the groundwater has been used.

22 St. Joseph's uses the water extracted from State Well No. 04N22W05N01S for its property
23 located at 2464 E. Ojai Avenue, Ojai, California 93023 (APN 028-0-120-130 and 028-0-120-240).

24
25 (7) Any claims for increased or future use of groundwater.

26 St. Joseph's Health anticipates its future use of groundwater to be the same as its current use,
27 including landscaping. There are currently no planned additional future uses. St. Joseph's Health
28 reserves the right to supplement its initial disclosure with additional future uses.

- 1 (8) The quantity of any beneficial use of any alternative water use that the party claims as
2 its use of groundwater under any applicable law, including, but not limited to, Section
3 1005.1 , 1005.2 , or 1005.4 of the Water Code .

4 St. Joseph's Health reserves the right to additional water use pursuant to Section 1005.1,
5 1005.2, or 1005.4 of the Water Code.

- 6 (9) Identification of all surface water rights and contracts that the party claims provide the
7 basis for its water right claims in the comprehensive adjudication.

8 St. Joseph's Health asserts possible riparian rights to subsurface underflow on or appurtenant
9 to its property.

- 10 (10) The quantity of any replenishment of water to the basin that augmented the basin's
11 native water supply, resulting from the intentional storage of imported or non-native
12 water in the basin, managed recharge of surface water, or return flows resulting from
13 the use of imported water or non-native water on lands overlying the basin by the party,
14 or the party's representative or agent, during each of the 10 calendar years immediately
15 preceding the filing of the complaint.

16 Not applicable. St. Joseph's Health reserves the right to supplement its initial disclosure with
17 additional information regarding replenishment.

- 18 (11) The names, addresses, telephone numbers, and email addresses of all persons
19 possessing information that supports the party's disclosures.

(12) Any other facts that tend to prove the party's claimed water right.

- (a) St. Joseph's Health's use of water from the Ventura River is reasonable and beneficial because it is used for irrigation. Cal. Water Code section 106 states: "It is hereby declared to be the established policy of this State that the use of water for domestic purposes is the highest use of water and that the next highest use is for irrigation."
- (b) It is exercising vested water rights.
- (c) St. Joseph's Health's use accounts for a de minimus or extremely insignificant portion of the total water use from the Ventura River by all parties.

St. Joseph's Health will further supplement its disclosure pursuant to California Civil Procedure Code section 842(d), if applicable.
