1		Conf. Report

1	STATUS CONFERENCE REPORT
2	
3	Defendant and Cross-Complainant City of San Buenaventura ("City") submits this Status
4	Conference Report ("Report") in advance of the Status Conference scheduled for November 16,
5	2020 at 2:00 p.m. In accordance with the Court's order at the August 17, 2020 Status
6	Conference, the City has made a good faith effort to solicit input from interested parties prior to
7	submission of this Report. Specifically, counsel for the City sent a draft of this Report via email
8	to all counsel of record and to all parties for which the City has an email address on November 2,
9	2020 and again on November 6, 2020. The City has attempted to include all requested edits
10	received and to identify for the Court any areas of dispute identified by the parties.
11	
12	1. <u>MEET AND CONFER STATUS UPDATE</u>
13	
14	On September 15, 2020, the City, Ventura River Water District, Meiners Oaks Water
15	District, the Wood-Claeyssens Foundation (Taylor Ranch), and Rancho Matilija Mutual Water
16	Company (Proposing Parties) released a [Proposed] Stipulated Physical Solution and Judgment
17	(Proposed Physical Solution). The City served the Proposed Physical Solution on all parties that
18	had appeared by September 15, 2020 and posted it on the adjudication website and the City's
19	Ventura River website on September 15, 2020. Additionally, on September 18, 2020, the City
20	filed and served a notice of scheduling meet and confer conferences and invited participation
21	from any party and interested landowners.
22	The City conducted five meet and confer conferences regarding the Physical Solution.
23	Approximately sixty (60) people and fifty-nine (59) different parties and/or overlying landowners
24	who received notice of the adjudication have participated in the meet and confer process. The
25	parties met via Zoom Video Communications on the following dates, and discussed the following
26	topics:
27	(1) September 24, 2020 – Overview of the Scientific Analysis;
28	(2) October 1, 2020 – Analysis of Non-Flow Measures;
	- 1 - Proof of Service
	Proof of Service

1	(3) October 8, 2020 – Flow Analysis;
2	(4) October 15, 2020 – Monitoring and Adaptive Management;
3	(5) October 29 – Costs.
4	In addition to these regularly scheduled meet and confer sessions, the Proposing Parties
5	have also held multiple meetings with specific parties, including, but not limited to the State
6	Water Resources Control Board (State Board) and the Department of Fish & Wildlife (CDFW).
7	The Proposing Parties have received significant valuable input on the Physical Solution through
8	these formal and informal meet and confer sessions, and they believe that additional time to
9	continue these meetings is appropriate. The Proposing Parties therefore would like to continue
10	this meet and confer process through at least the end of January 2021, and possibly beyond, and
11	request that the Court set a further CMC in February 2021 to permit this process to continue.
12	
13	2. <u>UPDATE RE SERVICE OF THE THIRD AMENDED CROSS-COMPLAINT</u>
14	AND NOTICE OF COMMENCEMENT OF ADJUDICATION
15	
16	The City diligently continues to attempt to serve the Third Amended Cross-Complaint on
17	all named Cross-Defendants and to provide the notice of adjudication and form answer to all
18	overlying landowners within the Ventura River Watershed's groundwater basins, while being
19	mindful of Covid-19 public health and safety constraints.
20	A. SERVICE
21	The City mailed 738 service packets, requesting return of an acknowledgement of receipt,
22	to un-served Cross-Defendants in mid-August, 2020. To date, the City has received
23	approximately 165 acknowledgments of receipt. The City will continue to attempt to locate and
24	serve the remaining un-served Cross-Defendants. Additional service attempts may include
25	further research of newly obtained County Assessor records, additional correspondence to Cross-
26	Defendants, another attempt at mail service, outreach to individual Cross-Defendants to schedule
27	service, and additional personal service attempts. The City will ultimately seek to serve any
28	remaining un-served Cross-Defendants that it cannot locate via publication. The City is
	- 2 -
	Status Conf. Report

1 cognizant of the Court's prior statements regarding service by publication and will make all 2 diligent efforts to perfect service on the named Cross-Defendant prior to seeking approval to 3 serve by publication.

The City mailed 3,072 notice of adjudication packets, return receipt requested, to owners of parcels for which it had not yet received a return receipt in mid-August, 2020. The response to this additional mailing was positive, and there are now only approximately 107 parcels for which the City has not received a return receipt for the notice of adjudication. The City will make additional attempts to provide notices of adjudication and to obtain receipts before ultimately posting the notice of adjudication in a conspicuous place on the real property for any parcels for which the City does not obtain a return receipt pursuant to Code of Civil Procedure section 836, subdivision (d)(1)(C). The City will take additional steps to complete the required notice process such as additional research from newly obtained County Assessor records, attempting another 14 notice packet mailing, and outreach to individual property owners to schedule delivery of the 15 notice of adjudication.

2	EE. Reeves Orchard, LLC, answer served 11/2/20.
3	
4	4. <u>RESPONSE TO THIRD AMENDED CROSS-COMPLAINT</u>
5	
6	The current deadline to respond to the City's Third Amended Cross-Complaint is January
7	29, 2021. The Court previously ordered that Cross-Defendants may elect to file a Stipulation for
8	Disclaimer, in lieu of filing an answer, requiring a \$20 stipulation filing fee rather than a \$435
9	first appearance fee. The City requests that the Court similarly order that Cross-Defendants and
10	all those who have received notice of the adjudication may elect to file a Stipulation for Entry of
11	Physical Solution and Judgment, a draft of which is attached hereto as Exhibit A, in lieu of filing
12	an answer, requiring a \$20 stipulation filing fee rather than a \$435 first appearance fee.
13	Accordingly, the City proposes that by January 29, 2021, all Cross-Defendants and all those who
14	have received notice of the adjudication do one of the following:
15	1. File a Stipulation for Entry of Physical Solution and Judgment;
16	2. File a Stipulation for Disclaimer;
17	3. File an Answer or other responsive pleading the City's Third Amended
18	Cross-Complaint; or
19	4. Take no action. For those who have received notice of the adjudication,
20	taking no action will mean that the physical solution and judgment entered
21	in this matter will apply to their property. For named Cross-Defendants,
22	taking no action may result in the entry of a default judgment.
23	
24	5. <u>POSITION OF CROSS-DEFENDANT LOA E. BLISS 2006 REVOCABLE</u>
25	TRUST, LOA E. BLISS & DAVID A. GILBERT, TRUSTEES
26	
27	Ms. Loa E. Bliss, Trustee of the Loa E. Bliss 2006 Revocable Trust (the "Trust") sent
28	correspondence to counsel for the City on November 5, 2020. Ms. Bliss requested redline edits to
	5 - Status Conf. Report
	οιαίμο χρητ. Ιχρυστ

ł

1	this Report and enclosed a letter regarding certain jurisdictional and other issues, some of which
2	have been previously addressed in the Joint Brief Regarding in Rem and in Personam
3	Jurisdiction, dated November 15, 2019. She requested the letter be filed as an attachment to this
4	Report, and it is attached hereto as Exhibit B. She also inquired about the hydrological status of
5	the Upper Ojai Basin. The City responded to Ms. Bliss on November 6, 2020 regarding her
6	jurisdictional and hydrological questions and proposed adding this section to the Report. Ms.
7	Bliss raised the following additional points of concern and contention in her redline edits and
8	correspondence to the City:
9	• The Trust believes the parties and Court should be continue to be aware of how
10	few answers or other responsive pleadings have been filed in response to the Third
11	Amended Cross-Complaint, compared with the number of landowners affected by
12	it and by this case.
13	• The Trust does not concede subject matter jurisdiction as to the Upper Ojai basin
14	groundwater and has raised this jurisdictional issue as a burden of the City to
15	prove factually, legally, and before any defaults are issued.
16	• The Trust requests the Proposing Parties hold additional meet and confer
17	conferences regarding the Physical Solution.
18	• The Trust asserts a Stipulation for Entry of Physical Solution and Judgment will
19	result in a forfeiture of rights in this case. Specifically, the Trust wants to ensure
20	that any implication of rights—relating to water or a party's right to dispute issues
21	in this case—is made clear to any party before their election to agree to a
22	Stipulation for Entry of Physical Solution and Judgment, and that any such party is
23	given sufficient and reasonable time to consider any such implications. The City
24	disputes this assertion.
25	• The Trust wants to ensure proper notice and due process is given surrounding any
26	potential default judgment or implementation of the Proposed Physical Solution.
27	Specifically, the Trust has concerns with the City's attempts to obtain automatic
28	application of the Proposed Physical Solution resulting from a party's failure to
	- 6 - Status Conf. Report

1	answer or file an otherwise responsive pleading.	
2	• The Trust believes that additional time may need to be set for meet and confer	
3	efforts regarding the Physical Solution. The parties and Court should consider the	
4	need for these additional efforts along with the current deadline to answer or file a	
5	responsive pleading.	
6	• The Trust has raised numerous concerns regarding the Proposed Physical Solution,	
7	including that, although it does not presently appear to include specific mention of	
8	effects on Upper Ojai, any subsequent application of the Proposed Physical	
9	Solution in Upper Ojai would be problematic because (as one example) Upper	
10	Ojai is a collection of individuals with no entity representative of their interests	
11	(e.g., a water district, city, or town).	
12	• The Trust believes all reports, findings, and opinions held by the City or Proposing	
13	Parties with regard to Upper Ojai or other relevant basin should be made public	
14	and made available to all affected overlying landowners without regard to signing	
15	confidentiality agreements, as currently required by the City	
16		
17	6. <u>NEXT STEPS AND REQUEST FOR FURTHER CMC</u>	
18		
19	The Proposing Parties will continue to solicit input from all affected parties and	
20	landowners regarding the Proposed Physical Solution and to meet and confer regarding its	
21	contents and potential revisions thereto. The Proposing Parties are willing to discuss	
22	modifications to the Proposed Physical Solution The Proposing Parties may propose a revised	
23	version of the Proposed Physical Solution based on the input from the meet and confer process.	
24	In the event that the parties are unable to agree to a Proposed Physical Solution within a	
25	reasonable amount of time or period of time otherwise instructed by the Court, the Proposing	
26	Parties will request that the case will proceed to a discovery phase, and then ultimately an	
27	evidentiary hearing on whether to enter the Proposed Physical Solution as a judgment binding on	
28	all parties. The Proposing Parties may suggest at the next Status Conference that the Court set a	
	- 7 -	
	Status Conf. Report 82470.00018\33418299.2	

1	schedule for a proposed discovery phase, pretrial proceedings, and evidentiary hearing regarding
2	the Proposed Physical Solution. Other parties (including the State Board and CDFW or Cross-
3	Defendants) may disagree that that is the next step in this process. The Proposing Parties request
4	that the Court set a further Status Conference for February 2021, after responses to the Third
5	Amended Cross-Complaint are currently scheduled to be complete, and accounting for any
6	additional meet and confer conferences that the parties may hold.
7	
8	7. <u>CONCLUSION AND SUMMARY OF REQUESTS</u>
9	
10	Based on the above Report, the parties request that the Court consider taking the following
11	actions:
12	• Set a further Status Conference for February 2021 to provide an update on the
13	parties' efforts to meet and confer about the Proposing Parties' Proposed Physical
14	Solution and potentially to set a schedule and process for the Court's and parties'
15	consideration of the Physical Solution
16	• Order that parties may elect to file a Stipulation for Entry of Physical Solution and
17	Judgment, in lieu of an answer, requiring a \$20 stipulation fee rather than a \$435
18	appearance fee.
19	• Order that all served parties and all entities and overlying landowners who have
20	received notice of this adjudication take one of the following actions by January
21	29, 2021:
22	1. File a Stipulation for Entry of Physical Solution and Judgment;
23	2. File a Stipulation for Disclaimer;
24	3. File an Answer or other responsive pleading the City's Third Amended
25	Cross-Complaint; or
26	4. Take no action. For those who have received notice of the adjudication,
27	taking no action will mean that the physical solution and judgment entered
28	in this matter will apply to their property. For named Cross-Defendants,
	- 8 -
	Status Conf. Report

1	taking no ac	tion may result in the entry of a default judgment.

	Stipulation for Entry of Physical Solution and Judgment; [Proposed] Order 82470.00018\33449510.2

1 Cross-Complainant City of San Buenaventura ("City") and Cross-Defendant [INSERT 2 NAME] ("Cross-Defendant") (City and Cross-Defendant are collectively referred to herein as the 3 "Parties"), hereby stipulate as follows: RECITALS 4 I. 5 1. On September 19, 2014, Plaintiff Santa Barbara Channelkeeper ("Channelkeeper") 6 filed a Complaint and Petition for Declaratory Relief and a Writ of Mandate ("Complaint") 7 pursuant to Code of Civil Procedure section 1085 in the County of San Francisco Superior Court 8 (Case No. CPF-14-513875) against the City and Respondent State Water Resources Control 9 Board. The action is now pending in the Superior Court for Los Angeles County before the 10 Honorable William F. Highberger. 2. On January 2, 2020, the City filed its operative Third Amended Cross-Complaint 11 12 in this action ("Amended Cross-Complaint") commencing a comprehensive adjudication of the 13 Ventura River Watershed, including its four groundwater basins, the Lower Ventura River Basin, 14 the Upper Ventura River Basin, the Ojai Valley Basin and the Upper Ojai Valley Basin 15 ("Basins"), (the "Ventura River Watershed Adjudication"). 16 3. On or about November 21, 2019, the Court granted the City's motion to approve a 17 notice of adjudication and form answer pursuant to Code of Civil Procedure section 836. 18 Pursuant to the Court's November 21, 2019 order, the City has served a summons on 19 approximately 2,300 cross-defendants owning approximately 1,750 riparian parcels and provided 20 12,766 notices to the owners of approximately 10,000 parcels overlying the Basins. The City 21 provided notice of this action to all property owners who were not otherwise named parties to this 22 action and who own property overlying the Basins in accordance with Code of Civil Procedure 23 section 836. 24 4. On September 15, 2020, the City and Cross-Defendants Ventura River Water 25 District, Meiners Oaks Water District, Rancho Matilija Mutual Water Company, and the Wood-26 Claevssens Foundation (the "Proposing Parties") filed a Notice of Dissemination of Proposed Physical Solution and Judgment for the Ventura River Watershed. The Proposed Stipulated 27 28 Physical Solution and Judgment (the "Physical Solution") is conditioned on further proceedings - 2 -Stipulation for Entry of Physical Solution and Judgment; [Proposed] Order 82470.00018\33449510.2

that will result in the Physical Solution becoming binding in this action. The Physical Solution is
 incorporated by reference herein.

5. In lieu of filing an answer or other responsive pleading to the Amended Cross-Complaint, Cross-Defendant intends to stipulate to, support, and be bound by the Physical Solution, subject to Court approval of the Physical Solution, or any modified version thereof, and entry of a final judgment. The Parties expect and intend that this Stipulation and attached order shall be incorporated into the final judgment entered in this matter and that the Court will retain jurisdiction in the action.

9 II. TERMS

10

IT IS HEREBY STIPULATED that:

Cross-Defendant is named in the Amended Cross-Complaint. Cross-Defendant
 acknowledges receipt of process of the City's Amended Cross-Complaint. Cross-Defendant
 agrees to, and hereby does, submit itself to the jurisdiction of this Court in all matters involving
 the Ventura River Watershed Adjudication.

15 2. Cross-Defendant owns one or more parcels of real property located in Ventura

16 County with the assessor parcel number(s) of [INSERT APN] (the "Property"). Cross-

17 Defendant's Property is adjoining or abutting the waters of the Ventura River and/or its

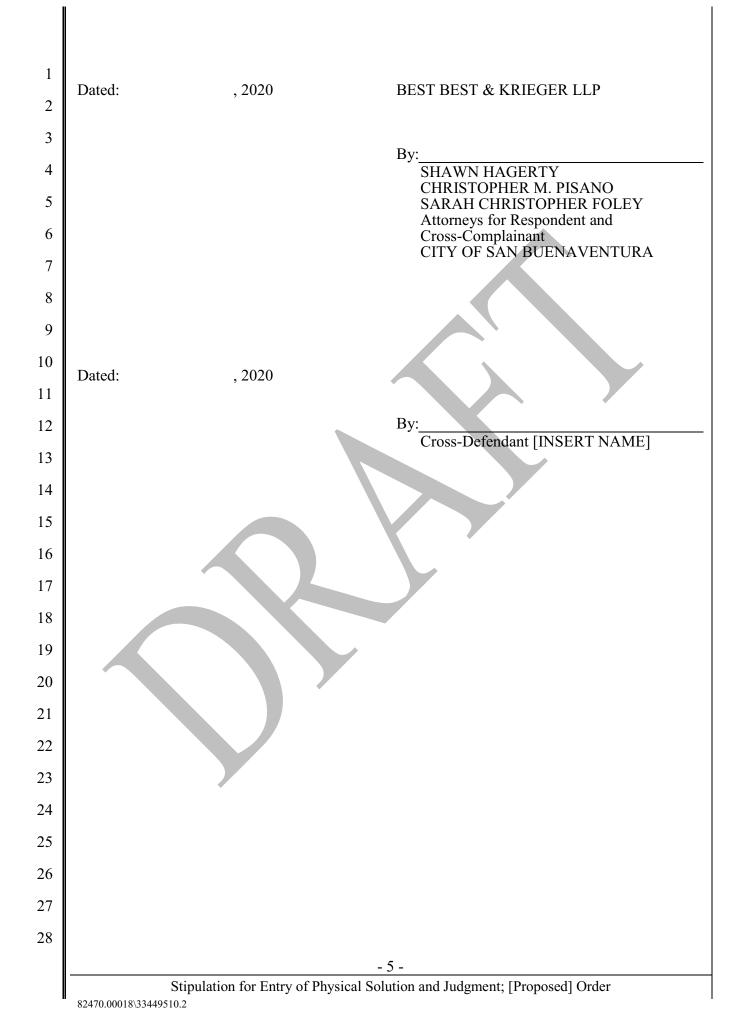

18 tributaries, whether flowing on the surface or underground in a known and defined channel,

19 and/or is overlying one or more of the Basins.

In lieu of filing an answer or other responsive pleading to the Amended Cross Complaint, Cross-Defendant agrees to be, and is, bound by the Physical Solution, and supports
 the Physical Solution, subject to Court approval of the Physical Solution, or any modified version
 thereof, and entry of a final judgment. Judgment may be entered against Cross-Defendant in lieu
 of Cross-Defendant filing an answer or other responsive pleading.

4. Cross-Defendant acknowledges that in signing this Stipulation, Cross-Defendant is
 responsible for the accuracy of its content. Consequently, Cross-Defendant acknowledges that in
 lieu of filing an answer or other responsive pleading to the Amended Cross-Complaint, Cross Defendant shall nevertheless be bound by the results of this litigation, including the entry of a

1	judgment and physical solution and shall be subject to the continuing jurisdiction of this Court to
2	oversee the implementation of the judgment and physical solution entered herein and to resolve
3	subsequent conflicts that may arise.
4	5. This Stipulation and attached order shall be incorporated into the final judgment
5	entered in this matter.
6	6. This Stipulation shall bind and benefit the City and Cross-Defendant and shall be
7	binding upon and benefit all their respective heirs, executors, administrators, successors, parent,
8	subsidiary entities, and assigns.
9	7. This Stipulation constitutes the entire, complete and integrated agreement among
10	the Parties, and supersedes all prior or contemporaneous undertakings of the Parties in connection
11	herewith. This Stipulation may not be modified or amended except in writing executed by the
12	Parties and approved by the Court. It shall be construed and interpreted to effectuate the intent of
13	the Parties which is to provide, through this Stipulation, for a complete resolution of the relevant
14	claims between the Parties on the terms provided in this Stipulation. Notwithstanding the
15	foregoing, the Parties intend and agree that this Stipulation will later be incorporated into a
16	Physical Solution, which is consistent with the terms of this Stipulation.
17	8. This Stipulation may be executed in counterpart originals, by facsimile, or by
18	electronic signature, each of which shall be deemed to be an original, and all of which shall
19	constitute one and the same document.
20	9. No fees and/or costs shall be awarded against Cross-Defendant in this action, and
21	Cross-Defendant shall not seek an award of fees or costs from the City.
22	IT IS SO STIPULATED.
23	
24	
25	
26	
27	
28	
	- 4 -
	Stipulation for Entry of Physical Solution and Judgment; [Proposed] Order 82470.00018\33449510.2

1	[PROPOSED] ORDER
2	Having read and considered the pleadings and the preceding Stipulation for entry of
3	Physical Solution and Judgment (the "Stipulation"), by and between Cross-Complainant City of
4	San Buenaventura ("City") and Cross-Defendant [INSERT NAME] ("Cross-Defendant"), and
5	good cause appearing,
6	IT IS ORDERED:
7	1. Cross-Defendant is named in the Third Amended Cross-Complaint ("Amended
8	Cross-Complaint"), filed by the City on January 2, 2020. Cross-Defendant has acknowledged
9	receipt of the process of the City's Amended Cross-Complaint. Cross-Defendant is subject to the
10	jurisdiction of this Court in all matters involving the Ventura River Watershed Adjudication.
11	2. Cross-Defendant owns one or more parcels of real property located in Ventura
12	County with the assessor parcel number(s) of [INSERT APN] (the "Property"). Cross-
13	Defendant's Property is adjoining or abutting the waters of the Ventura River and/or its
14	tributaries, whether flowing on the surface or underground in a known and defined channel,
15	and/or is overlying one or more of the Basins.
16	3. On September 15, 2020, the City and Cross-Defendants Ventura River Water
17	District, Meiners Oaks Water District, Rancho Matilija Mutual Water Company, and the Wood-
18	Claeyssens Foundation filed a Notice of Dissemination of Proposed Physical Solution and
19	Judgment for the Ventura River watershed. The Proposed Stipulated Physical Solution and
20	Judgment (the "Physical Solution") is conditioned on further proceedings that will result in the
21	Physical Solution becoming binding in this action.
22	4. In lieu of filing an answer or other responsive pleading to the Amended Cross-
23	Complaint, Cross-Defendant agrees to be, and is, bound by the Physical Solution, and supports
24	the Physical Solution, subject to Court approval of the Physical Solution, or any modified version
25	thereof, and entry of a final judgment. Judgment may be entered against Cross-Defendant in lieu
26	of Cross-Defendant filing an answer or other responsive pleading.
27	5. This order and preceding Stipulation shall be incorporated into the final entered
28	judgment in this matter.
	- 6 -

Stipulation for Entry of Physical Solution and Judgment; [Proposed] Order 82470.00018\33449510.2

1	6. The City and Cross-Defendant are bound and benefitted by the preceding
2	Stipulation, which shall also bind and benefit all their respective heirs, executors, administrators,
3	successors, parent, subsidiary entities, and assigns.
4	7. The Court shall retain jurisdiction over the City and Cross-Defendant to enforce
5	the preceding Stipulation until there is full performance thereof.
6	8. No fees and/or costs shall be awarded against Cross-Defendant in this action, and
7	Cross-Defendant shall not recover fees or costs from the City.

> Re: <u>Santa Barbara Channelkeeper v. State Water Resources Control Board and City of</u> <u>San Buenaventura; City of San Buenaventura v. Duncan Abbott, et al.</u>, <u>Case No. 19STCP01176</u>

Counsel:

I am writing on behalf of the Loa E. Bliss 2006 Revocable Trust, as Trustee, in response to your email dated November 2, 2020 regarding a Draft Status Conference Report (the "Draft Report"). In your email, you attached the Draft Report in connection with the Status Conference currently set with the Court on November 16, 2020. This letter serves to raise several concerns regarding the Draft Report and case more generally.

First, there is a threshold issue of whether the Court has subject matter jurisdiction over claims asserted in the Third Amended Cross-Complaint, filed by Cross-Complainant City of San Buenaventura (the "City") on January 2, 2020. It is unclear from records available to me (and therefore potentially to other parties) whether it has been sufficiently demonstrated that the Upper Ojai basin feeds into any of the basins or tributaries at issue in the above-captioned case, or whether the Upper Ojai basin is an isolated, standalone, basin.

November 5, 2020 Page 2

The Loa E. Bliss 2006 Revocable Trust does not concede subject matter jurisdiction as to the Upper Ojai basin groundwater based on mere supposition, bare assertion, or overreach. Other parties may hold the same view. Subject matter jurisdiction must be proved by the City at the outset, and before any order by the Court that would approve, allow, or otherwise permit any physical solution to move forward, or other order that would otherwise subject overlying landowners to any such physical solution or resolution of the case. Of course, factual determinations underlying subject matter jurisdiction must be made before any default—regarding judgment or otherwise—is issued that would subject overlying landowners to a physical solution, including the Proposed Physical Solution.¹ Depending on the facts, consideration should be given to dismissal of the Third Amended Cross-Complaint with respect to the Upper Ojai Basin. No defaults should be entered regarding any claim in the City's Third Amended Cross-Complaint before subject matter jurisdiction is definitively proven. At that point, if proven, additional opportunity to answer should be provided.

Second, although the Proposed Physical Solution does not currently appear to include specific mention of effects on Upper Ojai, if the Proposed Physical Solution subsequently affects Upper Ojai, such a result would be incredibly problematic.

The management structure outlined in the Proposed Physical Solution provides no representation for Upper Ojai, which is a collection of individuals with no entity of any sort that is representative of their interests, such as a water district, city, or town. To this end, the City should identify for the record owners in Upper Ojai, as well as parcels by location over the basin, affected by this lawsuit so that persons with common interests can communicate. For example, the ability to contest any finding in the suit, or any action by the management board, if it is established, is burdensome. Findings and rulings on the Upper Ojai basins should be put on hold, with no defaults issued, or dismissed, particularly in reference to the basin, unless and until the impact on overlying owners is specifically known. Furthermore, there should be requirement relating to the reporting of water use until the character of the Upper Ojai basin is established. The bare assertion of unreasonable use should not stand, even by default.

Third, all reports, findings, opinions held by the City or Proposing Parties with regard to the Upper Ojai basin should be public, and made available to all affected overlying landowners without regard to signing privacy or confidentiality statements or agreements.

Please contact me with any issues or questions. Thank you.

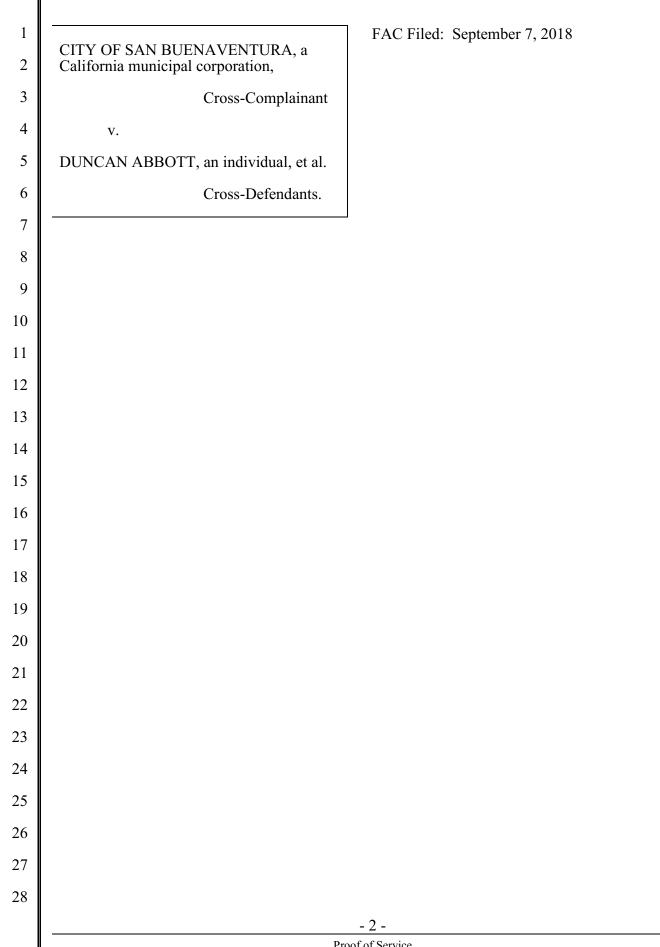

Sincerely,

Loa E. Bliss

¹ The term "Proposed Physical Solution" has the same meaning as in the Draft Report.
