Know all men by these presents that.

The Santa Anna Water Company, an incorporation
under the laws of the State of California, incor
rated on the 18th day of January 1873, claim
all the water flowing in the Santa Anna Ran
tura River, of and in and immediately upon
the head of that ditch known as the lower
creek, where a copy of this Certificate is duly
posted according to law, to the extent of
five hundred inches for the purpose of
irrigating lands along the line of said
creek, and of supplying the Town of
Santa Anna with fresh water, and also
for the purpose of manufacturing and
water power; and that, it is the intention
of said Company to divert the water of
Santa Anna from its natural bed to chan
nel to the diversion of the Town of
Santa Anna, by means of ditch,
canal, flumes, aqueducts, reservoirs, and
pipes.  The Santa Anna Water
Santa Anna Water Company by the pres

Witness:

Geo. H. Gilbert, Secy.

Secretary of the Santa Anna Water Company
Recorded at the Request of Thomas R. Bard at 11 a.m., July 25, 1872.
S. W. Casby, Recorder.
By J. B. Carter, Deputy.

Notice is hereby given, that the undersigned claims the water flowing in the San Gabriel branch of the Santa Ana River, opposite and below the mouth of Coyote Creek, so called, being a tributary of said river flowing through the Rancho Santa Ana, in the County of Los Angeles, State of California, to the extent of four hundred and ninety-four cubic feet per second, for the purpose of irrigating the lands of the Rancho Langa, for the purpose of supplying water for mechanical and manufacturing use, and for any other useful and beneficial purposes to which the same may be put, and that it is hereby declared that the water is reserved from its natural channel to said lands, and for said purposes by means of the said aqueducts under reservoirs. The said reservoir to be from two to four feet in width at the bottom, and at least two feet in depth, and said aqueducts to be thirty inches in width and thirty inches in depth, and the reservoirs to be at least four hundred feet square and one feet deep.

San Gabriel, California.

December 8, 1872.
