THIRD AMENDED CROSS-COMPLAINT

Cross-Complainant City of San Buenaventura ("City") alleges as follows:

INTRODUCTION

1. This Cross-Complaint seeks a judicial determination of rights to all water within the Ventura River Watershed ("Watershed"), including a comprehensive adjudication of the waters of the Ventura River and the groundwater basins located within the Watershed and their interconnected surface waters and for the imposition of a physical solution. An adjudication is necessary to protect and conserve the limited water supply that is vital to the public health, safety, and welfare of all persons and entities that depend upon waters from the Watershed and to ensure the reasonable use, pursuant to Article X, section 2 of the California Constitution, of the waters in the Watershed. For these reasons, City files this Cross-Complaint to promote the general public welfare in the Watershed; protect City's rights to pump and divert water and provide water to the public; protect from a loss of the public's water supply; prevent degradation of the quality of the public water supply; and avoid higher water costs to the public.

Overlying Landowners

94. Pursuant to California Civil Procedure Code section 836(d)(1)(A), City will serve the owners all real property overlying the Watershed's Groundwater Basins ("Overlying Landowners") with this Third Amended Cross-Complaint and court-approved notice of adjudication and form answer. Pursuant to California Civil Procedure Code section 836(k), upon receipt of the requisite notice, Overlying Landowners interested in this proceeding shall have the duty to appear in this action and become a party if they so choose.

Interested Persons

95. All Persons Who Own an Interest in Land Adjacent to the Ventura River or Its Tributaries or in Land Overlying the Ventura River Watershed's Groundwater Basins, and Claim an Interest to Divert, Pump, Extract or Store Water From, Under or on That Land.

Roe Cross-Defendants

96. City is informed and believes that:

(a) Cross-Defendants Roes 1 through 50 operate wells and/or diversions which extract surface and/or subsurface water from the Ventura River.

(b) Cross-Defendants Roes 51 through 100 operate wells and/or diversions which extract surface and/or subsurface water from Matilija Creek.

1 (c) Cross-Defendants Roes 101 through 150 operate wells and/or diversions
2 which extract surface and/or subsurface water from North Fork Matilija Creek.

3 (d) Cross-Defendants Roes 151 through 200 operate wells and/or diversions
4 which extract surface and/or subsurface water from San Antonio Creek.

5 (e) Cross-Defendants Roes 201 through 250 operate wells and/or diversions
6 which extract surface and/or subsurface water from Coyote Creek.

7 (f) Cross-Defendants Roes 251 through 300 operate wells and/or diversions
8 which extract surface and/or subsurface water from Cañada Larga Creek.

9 (g) Cross-Defendants Roes 301 through 350 operate wells and/or diversions
10 which extract surface and/or subsurface water from Santa Ana Creek.

11 (h) Cross-Defendants Roes 351 through 400 operate wells which extract water
12 from the Upper Ventura River Groundwater Basin.

13 (i) Cross-Defendants Roes 401 through 450 operate wells which extract water
14 from the Ojai Valley Groundwater Basin.

15 (j) Cross-Defendants Roes 451 through 500 operate wells which extract water
16 from the Lower Ventura River Groundwater Basin.

17 (k) Cross-Defendants Roes 501 through 550 operate wells which extract water
18 from the Upper Ojai Valley Groundwater Basin.

19 (l) Cross-Defendants Roes 551 through 1,000 are the owners, lessees, or other
20 persons or entities (i) holding or claiming to hold ownership or possessory interests in real
21 property within the boundaries of the Watershed; (ii) extracting water from the Watershed; (iii)
22 claiming some right, title, or interest to water located within the Watershed; or (iv) having or
23 asserting claims adverse to City's rights and claims.

24 97. City is unaware of the true names and capacities of Cross-Defendants Roes 1
25 through 1,000. When the City becomes aware of their true names and capacities, it will seek
26 leave of court to amend this Cross-Complaint accordingly.

27
28

BACKGROUND

98. The Watershed is located in western Ventura County, with a small section located in eastern Santa Barbara County. The City is informed and believes that the Watershed is fan-shaped and covers 226 square miles.

99. The Ventura River and its headwater tributary run through the center of the Watershed along a 33.5 mile stretch from its headwaters in the Transverse Ranges to the Pacific Ocean.

100. The Ventura River and its headwater tributary is fed by several major tributaries, including Matilija Creek, North Fork Matilija Creek, San Antonio Creek, Cañada Larga Creek, and Coyote Creek.

101. Lake Casitas is a man-made reservoir located in the Watershed primarily filled by runoff from Coyote Creek and Santa Ana Creek and water diverted from the Ventura River.

102. The Ventura River consists of five distinct reaches starting upstream from the Pacific Ocean: Reach 1 (Pacific Ocean to Ventura River Estuary), Reach 2 (Ventura River Estuary to Foster Park), Reach 3 (Foster Park to the San Antonio Creek Confluence), Reach 4 (just above the Ventura River's confluence with San Antonio Creek to below the Robles Diversion Facility), and Reach 5 (Robles Diversion Facility to confluence of Matilija Creek and North Folk Matilija Creek).

103. There are four significant groundwater basins in the Watershed:

(a) Upper Ventura River Groundwater Basin (DWR Bulletin 118, Groundwater Basin Number 4-3.01);

(b) Ojai Valley Groundwater Basin (DWR's Bulletin 118, Groundwater Basin Number 4-2);

(c) Lower Ventura River Groundwater Basin (DWR's Bulletin 118, Groundwater Basin Number 4-3.02); and

(d) Upper Ojai Valley Groundwater Basin (DWR's Bulletin 118 Groundwater Basin Number 4-1)

12/05/2019
6102-58/21

1 (collectively "Watershed's Groundwater Basins"). There is a hydrological connection between
2 the Ventura River and its tributaries and the Watershed's Groundwater Basins. Three maps of the
3 Watershed and the Watershed's Groundwater Basins are attached as **Exhibit A**.

4 104. In its First Amended Complaint and Verified Petition for Writ of Mandate
5 ("Complaint"), Plaintiff Santa Barbara Channelkeeper ("Channelkeeper") alleges that City's use
6 of the Ventura River water harms the steelhead trout and its critical habitat and exceeds water
7 quality standards. Channelkeeper also alleges City's use of water is unreasonable and violates the
8 public trust doctrine. Channelkeeper further alleges that City's water rights are subordinate to
9 upstream riparian and overlying groundwater rights in the Ventura River Watershed.

10 105. City is informed and believes that Cross-Defendants' use of water from the
11 Ventura River and the Watershed's Groundwater Basins reduces the surface and/or subsurface
12 water flow of the Ventura River.

13 106. City is informed and believes and thereon alleges that there are conflicting claims
14 of rights to the Watershed and/or its water.

15 107. City is informed and believes and thereon alleges that it has pueblo, prescriptive,
16 and/or appropriative rights to water in the Watershed. City is a successor to the Mission San
17 Buenaventura pueblo water right, which gives it a priority to use sufficient water from the
18 Ventura River Watershed to meet its needs. It has utilized water from the Watershed for more
19 than five years prior to the filing of this Cross-Complaint. It has used the Watershed and/or its
20 water for reasonable and beneficial purposes; and it has done so under a claim of right in an
21 actual, open, notorious, exclusive, continuous, uninterrupted, hostile, adverse use and/or manner
22 for a period of time of at least five years before filing this Cross-Complaint. City holds pre-1914
23 appropriative water rights.

24 108. Upon information and belief, each Cross-Defendant claims a right to utilize water
25 and threatens to increase its taking of water without regard to the City's rights. Cross-
26 Defendants' pumping and/or diversions reduces Watershed groundwater tables and surface flows
27 and contributes to the deficiency of the Watershed water supply as a whole.

1 109. Cross-Defendants' continued and increasing extraction and/or diversion of
2 Watershed waters has resulted in, and will result in a diminution, reduction, and impairment of
3 the Watershed's water supply.

4 110. Cross-Defendants' continued and increasing extraction and/or diversion of
5 Watershed waters has and will deprive the City of its rights to provide water for the public health,
6 welfare, and benefit.

7
8
9 FIRST CLAIM FOR RELIEF

10 (Cal. Const. art. X, § 2 - Against All Cross-Defendants)

11
12 111. City incorporates by reference the allegations of paragraphs 1 through 110.

13 112. Water resources in California must be put to reasonable and beneficial use, and
14 parties exercising a right to use water must engage in a reasonable method of use and reasonable
15 method of diversion.

16 113. City's reasonable and beneficial use of water requires consideration of
17 Channelkeeper's claims and Cross-Defendants' uses and diversions of water from the Ventura
18 River or the Watershed's Groundwater Basins.

19 114. City's reasonable and beneficial use of water also requires consideration of all
20 other uses and users in the Watershed in the context of Statewide laws favoring domestic use of
21 water; conservation of water; service of safe, clean, affordable, and accessible water; and
22 protection of municipal water rights.

23 115. Based on those considerations, City's use of water from the Ventura River
24 Watershed as compared to all other uses and users is reasonable and beneficial because:

- 25 (a) City's water is used for domestic purposes.
26 (b) City encourages conservation of water by its users, does not waste water in
27 its operations, and only uses water for municipal purposes.
28 (c) City provides safe, clean, affordable, and accessible water.

12/05/2019
6:02:50 PM

(d) City is exercising vested water rights.

116. City seeks a preliminary and permanent injunction reducing Cross-Defendants' use of surface and/or subsurface water and groundwater affecting the surface and/or subsurface flow of the Ventura River to a level of reasonable and beneficial use and a level that protects public trust resources after a consideration of all water uses and users in the Watershed pursuant the Court of Appeal's decision in Santa Barbara Channelkeeper v. City of San Buenaventura (2018) 19 Cal.App.5th 1176, 1192-1193.

SECOND CLAIM FOR RELIEF

(Public Trust Doctrine - Against All Cross-Defendants)

117. City incorporates by reference the allegations of paragraphs 1 through 110.

118. The public trust doctrine protects the environmental values of rivers and streams in California for the benefit of the public, but is subject to parties reasonably exercising their water rights. Additionally, public trust doctrine uses are limited by the doctrine of reasonable and beneficial use.

119. Evaluating the City's reasonable and beneficial use of water requires consideration of all other uses and users in the Watershed.

120. Evaluating the City's reasonable and beneficial use of water also requires consideration of Water Code provisions and Statewide laws favoring domestic use of water; conservation of water; service of safe, clean, affordable, and accessible water; and protection of municipal water rights and the potential that non-flow related mitigation measures may reasonably reduce the quantity of water required to protect the environment and public trust resources.

121. Based on those considerations, City's use of water from the Ventura River and Lake Casitas is reasonable and beneficial because:

(a) City's water is used for domestic purposes.

1 (b) City encourages conservation of water by its users, does not waste water in
2 its operations and only uses water for municipal purposes.

3 (c) City provides safe, clean, affordable and accessible water.

4 (d) City is exercising vested water rights.

5 122. City seeks a preliminary and permanent injunction reducing Cross-Defendants' use
6 of surface and/or subsurface water and groundwater affecting the surface and/or subsurface flow
7 of the Ventura River to a level of reasonable and beneficial use and a level that protects public
8 trust resources after consideration of Channelkeeper's claims.

9
10 THIRD CLAIM FOR RELIEF

11 (Declaratory Relief - Pueblo and/or Treaty Water Rights -
12 Against All Cross-Defendants)

13
14 123. City incorporates by reference the allegations of paragraphs 1 through 110.

15 124. The City, or a portion of it, is located within the boundaries of the former Mission
16 San Buenaventura. The designation of the Mission San Buenaventura and its subsequent
17 secularization led to the creation of a pueblo water right. The City is a successor to the pueblo
18 right which gives it a priority water right to use sufficient water from the Ventura River
19 Watershed to meet its needs.

20 125. City is located on land that used to be part of Mexico. While that land was part of
21 Mexico, a vested water right was established on it that was subsequently recognized by the
22 United States in the Treaty of Guadalupe-Hidalgo. City is a successor to the Mexican water right,
23 which has a priority over any right established under California law.

24 126. City contends that each Cross-Defendant's rights to utilize water from the
25 Watershed are subordinate to City's pueblo and/or treaty water rights and to the general welfare
26 of the citizens, inhabitants, and customers within City's jurisdiction.

12/05/2019
6:02:50 PM

1 127. An actual controversy has arisen between City and Cross-Defendants, and each of
2 them. City alleges, on information and belief, that each Cross-Defendant disputes City's
3 contentions, as described in the immediately preceding paragraph.

4 128. City seeks a judicial determination as to the correctness of its contentions and a
5 finding as to the priority and amount of water it and each Cross-Defendant are entitled to utilize
6 from the Watershed.

7
8 FOURTH CLAIM FOR RELIEF

9 (Declaratory Relief - Prescriptive Water Rights -
10 Against All Cross-Defendants)

11
12 129. City incorporates by reference the allegations of paragraphs 1 through 110.

13 130. The California Supreme Court has long recognized prescriptive water rights to
14 both surface and groundwater. City alleges that, for more than five years and before the date of
15 this Cross-Complaint, it has utilized water from the Watershed for reasonable and beneficial
16 purposes, and done so under a claim of right in an actual, open, notorious, exclusive, continuous,
17 hostile, and adverse manner. City further alleges that each Cross-Defendant had actual and/or
18 constructive notice of these activities, either of which is sufficient to establish City's prescriptive
19 rights.

20 131. City contends that each Cross-Defendant's rights to utilize water from the
21 Watershed are subordinate to City's prescriptive rights and to the general welfare of the citizens,
22 inhabitants, and customers within City's jurisdiction.

23 132. An actual controversy has arisen between City and Cross-Defendants, and each of
24 them. City alleges, on information and belief, that each Cross-Defendant disputes City's
25 contentions, as described in the immediately preceding paragraph.

26 133. City seeks a judicial determination as to the correctness of its contentions and a
27 finding as to the priority and amount of water it and each Cross-Defendant are entitled to utilize
28 from the Watershed.

12/05/2019
6:02:50 PM

FIFTH CLAIM FOR RELIEF

(Declaratory Relief - Appropriative Water Rights -
Against All Cross-Defendants)

134. City incorporates by reference the allegations of paragraphs 1 through 110.

135. City alleges that, alternatively or in addition to its prescriptive rights, it has priority pre-1914 appropriative rights to utilize water from the Watershed based upon extensive historic and beneficial use of local water in the Ventura River, including local water impounded and collected in Lake Casitas.

136. An actual controversy has arisen between City and Cross-Defendants, and each of them. City alleges, on information and belief, that all Cross-Defendants, and each of them, seek to prevent City from exercising its priority pre-1914 appropriative rights to utilize water from the Watershed.

137. City seeks a judicial determination of the rights of persons and/or entities with overlying, appropriative, and prescriptive rights to utilize water from the Watershed.

SIXTH CLAIM FOR RELIEF

(Cal. Civ. Proc Code §§ 830-852 - Comprehensive Adjudication
and Physical Solution - Against All Cross-Defendants)

138. City incorporates by reference the allegations of paragraphs 1 through 110.

139. The physical solution doctrine imposes a duty on this Court to resolve competing claims to water by cooperatively satisfying the reasonable and beneficial needs of each user while protecting the substantial enjoyment of their prior rights. A physical solution can achieve this result by: compelling non-flow related improvements for the protection of public trust resources thereby preserving and protecting water supply for domestic use, the highest and best use, and for irrigation use, the next highest and best use (Water Code section 106); augmenting the Watershed's water supply; and imposing other measures. The physical solution is a practical way

- 70 -

12/06/21
6102/50/21

1 of fulfilling the mandate of the California Constitution (article X, section 2) that the water
2 resources of the State be put to use to the fullest extent of which they are capable.

3 140. Further, the Code of Civil Procedure authorizes the comprehensive adjudication of
4 groundwater rights, including interconnected surface waters, and the imposition of physical
5 solution. Cal. Civ. Proc. Code §§ 830-852.

6 141. Accordingly, City seeks a physical solution among City and Cross-Defendants
7 regarding their respective uses of surface and/or subsurface water and groundwater affecting the
8 Ventura River.

9
10 SEVENTH CLAIM FOR RELIEF

11 (Declaratory Relief - Municipal Priority - Against All Cross-Defendants)

12
13 142. City incorporates by reference the allegations of paragraphs 1 through 110.

14 143. City has the right to utilize water from the Watershed to meet existing public water
15 needs and also to utilize increased amounts of water from the Watershed as necessary to meet
16 future public needs. City's rights to the Watershed's water exist both as a result of the priority
17 and extent of its pueblo, appropriative, and prescriptive rights, and as a matter of law and public
18 policy of the State of California: "It is hereby declared to be the established policy of this State
19 that the use of water for domestic purposes is the highest use of water and that the next highest
20 use is for irrigation." Cal. Water Code § 106.

21 144. California Water Code Section 106.5 provides: "It is hereby declared to be the
22 established policy of this State that the right of a municipality to acquire and hold rights to the use
23 of water should be protected to the fullest extent necessary for existing and future uses. . . ."

24 145. Under California Water Code Sections 106 and 106.5, City has a prior and
25 paramount right to Watershed water as against all non-municipal uses.

26 146. An actual controversy has arisen between City and Cross-Defendants. City
27 alleges, on information and belief, that Cross-Defendants dispute the contentions contained in the
28 preceding paragraphs of this Cross-Complaint. City is informed and believes, and on that basis

1 alleges, that the certain Cross-Defendants utilize water from the Watershed for non-municipal
2 purposes.

3 147. City seeks a judicial determination as to the correctness of its contentions and to
4 the amount of water the parties may utilize from the Watershed. City also seeks a declaration of
5 its right to utilize water from the Watershed to meet its reasonable present and future needs, and
6 that such rights are prior and paramount to the rights, if any, of Cross-Defendants to use
7 Watershed water for non-municipal purposes.

8
9 EIGHTH CLAIM FOR RELIEF

10 (Declaratory Relief - Human Right to Water - Against All Cross-Defendants)

11
12 148. City incorporates by reference the allegations of paragraphs 1 through 110.

13 149. City has the right to utilize water from the Watershed to meet existing public water
14 needs to protect the human right to water and also to utilize increased amounts of water from the
15 Watershed as necessary to meet future public needs to protect the human right to water. City's
16 rights to the Watershed's water exist both as a result of the priority and extent of its pueblo,
17 appropriative, and prescriptive rights, and as a matter of law and public policy of the State of
18 California: "It is hereby declared to be the established policy of the state that every human being
19 has the right to safe, clean, affordable, and accessible water adequate for human consumption,
20 cooking, and sanitary purposes." Cal. Water Code § 106.3.

21 150. Under California Water Code Section 106.3, City has a prior and paramount right
22 to Watershed water to protect the human right to water.

23 151. An actual controversy has arisen between City and Cross-Defendants. City
24 alleges, on information and belief, that Cross-Defendants dispute the contentions contained in the
25 preceding paragraphs of this Cross-Complaint. City is informed and believes, and on that basis
26 alleges, that the certain Cross-Defendants utilize water from the Watershed for purposes that are
27 inferior to the paramount human right to water.

28

152. City seeks a judicial determination as to the correctness of its contentions and to the amount of water the parties may utilize from the Watershed to protect the human right to water. City also seeks a declaration of its right to utilize water from the Watershed to meet its reasonable present and future needs to protect the human right to water, and that such rights are prior and paramount to the rights, if any, of Cross-Defendants to use Watershed water for purposes that are inferior to the paramount human right to water.

NINTH CLAIM FOR RELIEF

(Declaratory Relief - Against All Cross-Defendants)

153. City incorporates by reference the allegations of paragraphs 1 through 110.

154. City contends, and is informed and believes that Cross-Defendants dispute, that:

(a) City's use of the Ventura River Watershed as compared to all other users and uses is reasonable and beneficial and does not violate the public trust doctrine.

(b) Cross-Defendants' uses are not reasonable or beneficial and violate the public trust doctrine as compared to City's use of the Ventura River Watershed.

155. Therefore, an actual, present controversy exists between City and Cross-Defendants concerning City's and Cross-Defendant's use of surface and/or subsurface water and groundwater affecting the Ventura River Watershed.

156. City seeks a declaration and judicial determination as to the validity of its contentions set forth in this Cross-Complaint.

PRAYER FOR RELIEF

WHEREFORE, City prays for the following relief:

1. For a preliminary and permanent injunction reducing Cross-Defendants' uses of surface water and groundwater affecting the surface and/or subsurface flow of the Ventura River

1 to a level of reasonable and beneficial use and a level that protects public trust resources after
2 consideration of all water uses and users in the Watershed;

3 2. For a physical solution allocating City's and Cross-Defendants' reasonable and
4 beneficial use of water affecting the Ventura River Watershed, and protecting the substantial
5 enjoyment of their water rights;

6 3. For judicial declarations consistent with City's contentions in the Third, Fourth,
7 Fifth, Seventh, Eighth, and Ninth Claims for Relief in this Cross-Complaint;

8 4. For judgment against all named cross-defendants who fail to appear in this action
9 that they are bound by the judgment and physical solution, and their water rights in the Ventura
10 River Watershed, if any, are limited to the terms of the physical solution.

11 5. For judgment against all persons who, presently or in the future, own an interest in
12 real property adjacent to the Ventura River or its tributaries and who fail to appear in this action
13 that they are bound by the judgment and physical solution, and their water rights in the Ventura
14 River or its tributaries, if any, are limited to the terms of the physical solution.

15 6. For judgment against all persons who, presently or in the future, own an interest in
16 real property overlying the Ventura River Watershed's Groundwater Basins and who fail to
17 appear in this action that they are bound by the judgment and physical solution, and their water
18 rights in the Ventura River Watershed's Groundwater Basins, if any, are limited to the terms of
19 the physical solution.

20 7. For City's costs incurred in this action; and

21 8. For such other and further relief as the Court deems just and proper.
